SYAIFULLAH YUSUF

## PROFILE

My name is moch.syaifullah yusuf, can be called syaiful, born in jombang, east java on 17 september 2001. i am very interesting in technology, and design, especially that related to visual graphics, because imagining a design and realizing creativity, fantasy is something which is very interesting to me.

began to be interested in studying visual design and technology from junior high school, using photoshop, illustrator and in high school I tried video and cinematography. I have been working as a visual graphic designer for more than 3 years, and now focus on poster design, video advertisements, and other things related to visual creativity for freelance projects.
